**Subject:** EPA comments on Amend 12 TPH Investigation  
[EPA comments on Draft Final Amend 12 TPH TSAP\\_03.19.17.pdf](#)

Dear Mr. Brown,

EPA has completed its review of Atlantic Richfield Company's (ARC) June 1, 2016 Response to EPA Comments on the Draft On-Property Focused Remedial Investigation Work Plan Amendment No. 12: Task Sampling and Analysis Plan for Hydrocarbon Investigation, Leviathan Mine Site, Alpine County, California (TSAP) and the Draft Final TSAP prepared on behalf of the Atlantic Richfield Company (ARC) by AMEC. This work is in partial fulfillment of the requirements of the Statement of Work attached to the Administrative Order for Remedial Investigation and Feasibility Study (Unilateral Administrative Order), Comprehensive Environmental Response, Compensation, and Liability Act Docket No. 2008-18 issued by the U.S. Environmental Protection Agency (U.S. EPA) on June 23, 2008.

EPA has completed its review and provides the attached comments. Within 30 days or by April 30, 2017; EPA directs ARC to provide a sampling locations map within the historical equipment maintenance area (Figure 1), and a table showing the requested TPH thresholds for determining the need for additional investigation. Please also provide a schedule for completing this field sampling and associated reporting by June 30, 2017.

Within 30 days of receipt of EPA comments, ARC shall provide a response that it concurs with EPA comments and will incorporate them as requested. Otherwise, should ARC find that they disagree, do not concur, or will not incorporate EPA comments, then ARC shall take the initiative to set up a meeting to discuss with EPA immediately to ensure that submittals are complete, responsive and satisfactory.
